

YOUR PERSONAL AGENTS / OCTOBER 2026

Agents work. You decide.

Your agents research, plan and prepare.
You approve or reject. They handle the rest.

■ Product prototype

MONDAY, OCTOBER 5

Already worked on.

☒ Insurance options compared

☐ Bill checked. Reply drafted.

☐ New appointment found

☐ School form prepared

Waiting on you

Approve / Reject

Work done. Your call.

The agent checks the bill and drafts a reply.
Approve: it sends. Reject: it stops.

ELECTRICITY / SEPTEMBER

Your approval

Proposed workflow. No email is sent in the demo.

Just the decisions.

Action, cost and evidence.
Then your decision.

 omni .

Your agents / 3 decisions ready

01	Send the billing query? Money agent · Bill checked. Email drafted.	Money	Approve	Reject
02	Move the dentist appointment? Calendar agent · Thursday, 2pm found.	Calendar	Approve	Reject
03	Submit the school form? Family agent · Details filled. Review ready.	Family	Approve	Reject

Illustrative product view / Sample data

The proposed stack.

9 services. Each with a specific job.

CONTEXT	ACTION	INTERFACE
Neon Postgres + AI Gateway	Fly.io Sprites Agent sandboxes	Assistant UI Agent chat
Mastra Agents + observability	Kernel Browser automation	AgentMail Agent inboxes
Exa Search + crawling	Executor Tools + MCP gateway	Anam.ai Voice + avatar

One person. Then millions.

Start with bills. Expand to schedules, renewals
and everyday admin. One simple decision.

Agents act. You stay in charge.

Product vision, not current scale. Prototype today; integrations, demand and pricing remain to be validated.

Start

One useful daily habit

Grow

Personal to household

Proposed business model
